Sodium Palm Kernelate	263-097-0	67701-10-4	10-25	
Aqua	231-791-2	7732-18-5	<15	
Palm Acid		67701-08-0	<5	
Glycerin	200-289-5	56-81-5	<5	
Palm Kernel Acid	309-936-7	101403-98-9	<1	
Sodium Chloride	231-598-3	7647-14-5	<1	
Parfum		xxx	<1	
Lanolin		8006-54-0	<1	
Tetrasodium EDTA	200-573-9	64-02-8	<0,1	
Tetrasodium Etidronate	223-267-7	3794-83-0	<0,1	
CI 77891 (Titanium dioxide)	236-675-5	13463-67-7	<0,2	
Benzyl Alcohol		202-859-9	100-51-6	>0,01
Coumarin	202-086-7	91-64-5		
Hydroxycitronellal	203-518-7	107-75-5		

Other information

For R-phrases and other risk see section 15

## 04. FIRST-AID MEASURES

**Eye contact:** Rinse with plenty of water.  
**Skin contact:** Rinse with plenty of water.  
**Inhalation:**  
**Ingestion:** If problem consult a doctor

## 05. FIRE-FIGHTING MEASURES

**Extinguishing media:** Foam, powder and carbondioxide

## 06. ACCIDENTAL RELEASE MEASURES

Use personnel equipment (see section 8). Take up with absorbent material (e.g. sand sawdust or binder)

## 07. HANDLING AND STORAGE

**Handling:** With care  
**Storage:** Room temperature  
**Packing:** In original container.

## 08. EXPOSURE CONTROLS / PERSONAL PROTECTION

**System design:**  
**Exposure limits:**  
**Protective equipment:**

## 09. PHYSICAL AND CHEMICAL PROPERTIES

**Shape:** White solid soap  
**Odour:** Perfumed  
**pH:** ~10  
**Boiling point:** --  
**Flash point:** --  
**Density:** --  
**Solubility in water:** yes  
**Other information:**

## 10. STABILITY AND REACTIVITY

**Decomposition:** Stable under normal condition.  
Avoid strong oxidation materials.

## 11. TOXICOLOGICAL INFORMATION

**Information:** Low toxicity of chemical components.  
**Inhalation:** ---  
**Skin contact:** May cause dry skin by long term use.  
**Eye contact:** Irritation  
**Ingestion:** May cause nausea

## 12. ECOLOGICAL INFORMATION

**Information:** Chemical components is easy to decompose,

## 13. DISPOSAL CONSIDERATIONS

**Information:** Must be disposed of according to the applicable local regulation in force.

## 14. TRANSPORT INFORMATION

**Information:** Not classified as dangerous in the meaning of transport regulation.

## **15. REGULATORY INFORMATION**

**Information:** The product is classified as not labelled.

## **16. OTHER INFORMATION**

This information is based on our present state of knowledge.

The purpose of this Safety Data Sheets is to describe the product in terms of their safety requirements.
